## Hour of Code Tracking Sheet

Name: $\qquad$
$\qquad$
From December 3rd through December 14th, all students at San Elijo are joining students globally to celebrate Computer Science by coding at least one hour!

## YOUR CHALLENGE:

$\rightarrow$ Track the minutes you code each day on this Hour of Code Tracking Sheet
$\rightarrow$ Make sure to include the amount of minutes, what Coding Platform you used (see below), and a parent or teacher signature to verify.
$\rightarrow$ Carry this sheet with you in a safe place to track what you do in school and at home.
$\rightarrow$ Each week your teacher will tally your coding minutes with your class to find a class total for our school's challenge.
$\rightarrow$ Once you reach 60 minutes (1 hour) you get an Hour of Code badge and your name in our school raffle to be announced at Flag Salute! You can earn multiple raffle tickets by coding for multiple hours (as long as your school work is completed.) One prize per raffle winner (you will be able to select your prize if your ticket is chosen.)

## Coding Plafforms

*Code.org
*Scratch
*Bitsbox
*Made with Code
*and more!
